Queensland Academies

At Kedron State High School, our academic outcomes are consistently above the state average. These strong results stem from the core values of the school: traditional, academic, disciplined and diverse.

We have dedicated teachers who give time and attention to the welfare and achievements of each student, offering support, extension classes and career information.

We have a successful English as an Additional Language/Dialect (EAL/D) program with 60 languages spoken within the school community. In our extracurricular programs such as robotics, chess, debating, sporting and musical groups, you can learn new skills, strengthen friendships and create memories. We are ideally located only 6 km from Brisbane's centre and 7 km from the Brisbane International Airport.
