SCHOOL OVERVIEW

Five key aspects which underpin our curriculum are learning, respect, safety, people and partnerships. These distinct qualities are embedded in our everyday practices, ensuring all members of our school community are active citizens in a global society. Learning at Craigslea SHS takes place in a safe, supportive and disciplined environment. We have taught some of Australia's most gifted students, who have excelled in academic studies (where a university pathway is guaranteed), in sports (where students have represented their country at the highest level), and in cultural achievements highly respected both locally and internationally.

THREE REASONS TO CHOOSE CRAIGSLEA STATE HIGH SCHOOL

- Craigslea has a strong academic heritage incorporated into a culturally diverse school with dynamic links to the community and well established links to all tertiary sectors
- A centrally located campus close to the city, with easy access to both the Sunshine and Gold Coasts
- World-class volleyball programs from which state, national and Olympic teams are selected

SPECIAL PROGRAMS

- Leading science programs including Robotics and Viticulture
- Schools of excellence in sport and music (both junior and senior)
