

NORTHERN TERRITORY SAFARI

10 days - 25 September to 4 October 2025

Day 1 - 25 September

This morning we fly to Darwin. You will be met by your crew who will take you into Darwin for lunch and some sightseeing. You will then be transported to your accommodation.

Your HAP Supervisors and Safari Crew will now go through the tour rules and expectations of your adventure safari. Our crew will show you how to set up and take down your tent. Watch carefully as you will be doing this during your adventure safari!

We then board our coach for a quick town tour of Darwin before we head to the Mindil Beach Sunset Market. The Mindil market is the heart of Darwin's multicultural melting pot, epitomizing the city's multicultural nature. Running along the foreshore of Mindil Beach, it's famous for stunning sunsets over the Timor Sea.

Here we you will be able to purchase a meal (from as many as 60 food stalls) whilst enjoying the sunset (subject to weather) and listening to local music.

Remember to pack your bathers/swim suit today! We head to Litchfield National Park, passing through the town of Batchelor and viewing some of the biggest termite mounds in the Northern Territory. Day 5 - 29 September

In the morning we enjoy a Katherine River Gorge cruise. Known by the Aboriginal name Nitmiluk, a cruise through Katherine Gorge is an amazing experience. An early morning pack-up and then we depart for the amazing Kings Canyon. The sheer walls of the Canyon rise up 270 metres, making it the deepest gorge in 2 litres of water to do the walk. If you have reasonable fitness you can walk to the rim of the canyon, which offers spectacular views over the 'Lost City' and 'Garden of Eden'. Or you can walk the base of the canyon and look up at the spectacular cliff faces. After this exhilarating walk we enjoy breakfast before continuing on to Yulara, arriving mid afternoon. On arrival choose to relax at camp, swim in the pool, or take a short scenic walk to see Uluru from a distance.

This evening we head to Sunset Strip to watch the many colours of Uluru as the sun sets on this magnificent monolith.
