

School Subjects

General, Authority and Applied subjects

General or Authority subjects for senior school students are from syllabuses approved by the Queensland Curriculum and Assessment Authority (QCAA).

Results in General or Authority subjects can contribute to the award of a QCE and may contribute to a student's ATAR.

The ATAR is the national selection ranking currently used by tertiary education providers.

QCAA Applied subjects are suited to students who are primarily interested in pathways beyond senior secondary schooling that lead to vocational education and training or work.

Results in Applied subjects contribute to the award of a QCE and one Applied subject result may contribute to an ATAR.

Short Courses are one-unit courses of study that are suited to students who are interested in pathways beyond school that lead to vocational education and training or work. Short Courses may contribute one credit towards a QCE but they do not contribute to ATAR calculations.

Queensland Certificate of Education

The QCE will remain as Queensland's senior school qualification. All eligible Year 12 graduates will be awarded a QCE.

The requirements for a QCE are different to those for tertiary entrance. A QCE does not give you an ATAR.

Calculation of the assessment and tertiary entrance system

Eligible Year 12 students in Queensland receive an ATAR ranking at the completion of studies.

The ATAR is calculated on a student's five best General subjects, or the student's best results in a combination of four General subjects and either one Applied subject result or a completed VET qualification Certificate III level or above.

To be eligible for an ATAR, students must satisfactorily complete a QCAA English subject. While students must meet this standard in order to be eligible for an ATAR, it is not mandatory for this result to be used in the calculation of the ATAR.

Choosing subjects

We advise you to choose subjects according to your learning goals, and what you enjoy and are good at. You should also carefully consider the prerequisite requirements of any courses you are considering for tertiary study.

You can access more information about the new ATAR system on the QCAA website: qcaa.qld.edu.au.

The International Baccalaureate Programme

Over the course of the two-year IB Diploma Programme, six subjects are chosen. These are usually three subjects (and not more than four) at higher level (HL) and the others are taken at standard level (SL). In addition, there are three compulsory core elements – the extended essay, theory of knowledge and creativity, activity, service – that are central to the philosophy of the program.

These subject offerings may vary from year to year. The following subjects are offered for Term 1, 2024
