

Queensland Government schools

# South Asia - information for parents and guardians

# Why study in Queensland?

## University pathways

Some of our schools are affiliated directly with prestigious tertiary options such as the University of Queensland, Queensland University of Technology and Griffith University.

## Safety and student support

Did you know our government high schools provide dedicated professional staff to nurture and guide international students toward career success in addition to personal development?

## International Baccalaureate

Maybe your high achieving child is an ideal candidate for one of the three Queensland Academies selective-entry high schools?

Once accepted from Year 10, students participate in the International Baccalaureate Diploma Programme – a globally recognised pre-university qualification that prepares students not only for university but life beyond the classroom.

## Welcoming culture

Imagine your child connecting with international and local Australian students with many becoming friends-for-life.

They will also have plenty of opportunities to enjoy a taste of home as many Queenslanders applaud the vibrant Indian festivals, the delicious restaurants and groceries available in specialty shops and supermarkets.

Indian culture is celebrated and welcomed in Queensland with a significant Indian community already established.

# Benefits of a Queensland education

Receive the internationally recognised Queensland Certificate of Education (QCE) on successful completion of Years 11 and 12.

Make friends for life at your high school and through your homestay family.

Study subjects that interest you which you can't study in your home country such as Health, Business and Digital Solutions.

Make your study journey from high school to university seamless and get the eventual career outcome you want.

Use modern resources and facilities supporting innovation and 21st century learning.

Study in Australia, where in 2022 the quality of life was rated 5th on the world scale\*.

*\*Numbeo Quality of Life Index by Country and Australian cities 2022*

# Where is Queensland?

Queensland is a very large place—it is the second-largest state in Australia. It has 1.7 million square kilometres and there is so much to see and experience.

It has cities, bush country, beaches, reef and rainforests. It is warm most of the year and almost never has snow! It is known for lots of outdoor activities, like sports and swimming, and is a great place to study, relax and play.

# Ready to chat?

One of our experienced counsellors will personally guide you (with no obligation) through the government high school programs, subject choices, pricing, accommodation and visa options for your child.

Does your child meet the following criteria?

- your child is now in Year 10 or Year 11 and not over the age of 18
- has studied English for two or more years
- has achieved at least General International English Language Testing System (IELTS) overall score of OP 5.0 verifiable or have another level of English proficiency accepted for entry
- their grades over the past two school years have been passes or higher in all subjects.

**You understand that -**

- you are enquiring about studying an Australian Senior Secondary Certificate of Education qualification and there are fees as an international student
- you have read the example living costs and have sufficient funds for your child to complete the qualification in Queensland
- your child meets the eligibility conditions for the student visa 500
- you are aware that you need to apply for your child's program and receive an enrolment agreement to be accepted into the program.
- if your child is accepted to study in a Queensland government school they (and their parent/guardian) are a genuine temporary entrant.
