

CONQUER THE WAVES

with our Surfing Excellence Programs

Always wanted to learn how to surf? Now is your chance. Some Queensland state high schools offer you the chance to ride some of the world's best surf breaks and learn from highly skilled teachers.

Immerse yourself in Aussie surf culture, improve your English and make friendships to last a lifetime.

The perfect balance

With Queensland's endless summer, it is not surprising that our beginner to advanced level surfing programs are so popular. You will be able to:

- Surf up to four times a week, with time to focus on other important academic subjects like English, maths, science and more
- Learn from expert surfers, who will work with you to improve your skills
- Experience one of our most iconic sports on some of the most beautiful beaches in the world.

Master the surf

Training with experienced surf coaches will help you refine your technique, improve your fitness, and develop the skills to tackle any wave. You will work on everything from paddling to positioning, learning how to read the surf and perfect your turns.

Ride your future

Future prospects for students include competing at state, national, and international surfing competitions, pursuing studies in sports science or physical education, or exploring careers in surf tourism, and event management.
