Our college is a thriving multicultural co-educational school for students from Prep to Year 12.

Our reputation is for educating our students who are curious - creative - clever, critical-thinkers, problem solvers and confident citizens of the world.

We have more than 2,400 students from 66 cultures, learning across Prep, junior, junior secondary and senior year levels.

Calamvale Community College has high-quality facilities supporting specialist programs in sport, music, drama, aviation and hospitality, and strong relationships with three local universities as well as international locations.

As an IB World School, we offer two International Baccalaureate (IB) programs: Primary Years Program for students aged 5 to 12 years (Prep to Year 6) and Diploma Program for students in Years 11 and 12.

## Three reasons to choose Calamvale Community College

1. High-level of student support provided by a caring International Team
2. Birth to Year 12 college where students can seamlessly transition from child care to matriculation
3. Strong, established links with Griffith University (GU), Queensland University of Technology (QUT) and The University of Queensland (UQ) providing multiple tertiary pathways for students

## Homestay

Homestay\* enables EQI students to truly experience Australia's famous lifestyle.

By living with an Australian host family international students become part of the local community and have a fantastic opportunity to practise their English in a safe and caring home environment. International students often develop lasting friendships with their homestay families.

- Students have their own bedroom with study facilities, three meals a day, and access to transport to and from school, and to school activities
- Host families are carefully selected from within the school community and undergo a police check as required by Queensland law

Standard Homestay fees have been set and these are listed on the [EQI program fees page](#).

\* Students enrolled in Primary School must live with a parent or close relative as defined by the Australian Immigration Regulations.
