At Kedron State High School, our academic outcomes are consistently above the state average. These strong results stem from the core values of the school: traditional, academic, disciplined and diverse.

We have dedicated teachers who give time and attention to the welfare and achievements of each student, offering support, extension classes and career information.

We have a successful English as an Additional Language/ Dialect (EAL/D) program with 60 languages spoken within the school community. In our extracurricular programs such as Lego robotics, chess, debating, sporting and musical groups, you can learn new skills, strengthen friendships and create memories. We are ideally located only 6km from Brisbane's centre and 7km from the Brisbane International Airport.

Homestay

Homestay* enables EQI students to truly experience Australia's famous lifestyle.

By living with an Australian host family international students become part of the local community and have a fantastic opportunity to practise their English in a safe and caring home environment. International students often develop lasting friendships with their homestay families.

- Students have their own bedroom with study facilities, three meals a day, and access to transport to and from school, and to school activities
- Host families are carefully selected from within the school community and undergo a police check as required by Queensland law

Standard Homestay fees have been set and these are listed on the [EQI program fees page](#).
