Kedron State High School academic outcomes are consistently above the state average, and more than 95% of our students are offered a university place.

We have highly dedicated teachers who give time and attention to the welfare and achievements of each student, offering support, extension classes and career information, and help with life-skills such as organisation and time-management.

We have the largest English as an Additional Language/Dialect (EAL/D) program in North Brisbane with approximately 60 languages spoken within the school community.

In our extra programs, including Lego robotics, chess, debating, sport and music, you can learn new skills, strengthen new friendships and make beautiful memories

We are 6 km from Brisbane's centre and 7km from Brisbane International Airport.

## Homestay

Homestay\* enables EQI students to truly experience Australia's famous lifestyle.

By living with an Australian host family international students become part of the local community and have a fantastic opportunity to practise their English in a safe and caring home environment. International students often develop lasting friendships with their homestay families.

- Students have their own bedroom with study facilities, three meals a day, and access to transport to and from school, and to school activities
- Host families are carefully selected from within the school community and undergo a police check as required by Queensland law

Standard Homestay fees have been set and these are listed on the [EQI program fees page](#).
