We pride ourselves on providing a quality education for all our students from Prep to Year 12. Our students are grouped into three sub-schools – primary, junior secondary and senior secondary students – and we are proud to be a recipient of the Queensland School of the Year Award.

We take great pleasure in welcoming international students and offering them all a catered, personalised program with a dedicated support structure in place.

We offer a varied curriculum presented in exciting and meaningful ways using real-life experiences, contemporary resources and technology.

We are located at the southern end of the Sunshine Coast just over a one-hour drive to Brisbane and only 3.6 km to some of the most beautiful beaches and surf on the Sunshine Coast.
