Our school is one of the most successful and prestigious selective-entry state schools in Australia.

We provide a valuable transition from school to university for highly capable students from Years 7 to 12. Our exceptional academic standards and holistic education encourage great endeavours and success in a wide range of activities, where we emphasise critical thinking, collaboration and discovery.

Our core curriculum is the International Baccalaureate Diploma Programme (IB) for senior students. Please note the Middle Years Programme (MYP) is not available to international students.

We offer a safe and welcoming environment with outstanding mentor and leadership programs. We educate our students to have knowledge of and respect for diverse cultures.
