Our school is one of the most successful and prestigious selective-entry state high schools in Australia.

We provide a valuable transition from senior school to university for highly capable students from Years 10 to 12.

Please note, we do not provide the middle school program (year 7-9) to international students.

Our exceptional academic standards encourage great endeavours and success in a wide range of activities.

Our core curriculum is the International Baccalaureate Diploma Programme (IB) for senior students.

We offer a safe and welcoming environment with outstanding mentors and we educate our students to have knowledge of and respect for diverse cultures.

## Principal's welcome

I am proud to be the Principal of the Queensland Academy for Science, Mathematics and Technology, as it is one of the most successful and prestigious selective entry high schools in Australia.

Our Academy aims to extend student learning by blurring the line between school and university.

Our core curriculum is the International Baccalaureate Diploma.

This program encourages students to become global citizens and enables our graduates access to the world's leading universities.

Our students are very committed to their studies and enjoy a range of extension experiences across all forms of the sciences, mathematics and technologies including astrophysics, molecular biology and robotics.

We celebrate our diversity through a full range of activities including musical performances, language competitions, sporting events and opportunities for active volunteering. This allows our students to achieve a balance between their academic work and cultural opportunities.

## Three reasons to choose Queensland Academy for Science Mathematics and Technology

1. Study the International Baccalaureate Diploma Programme (world-wide curriculum)
2. Study alongside like-minded students (gifted, talented, creative and global)
3. Each campus offers particular specialities that meet the needs, aspirations and goals of that particular group of students.

## Homestay

Homestay\* enables EQI students to truly experience Australia's famous lifestyle.

By living with an Australian host family international students become part of the local community and have a fantastic opportunity to practise their English in a safe and caring home environment. International students often develop lasting friendships with their homestay families.

- Students have their own bedroom with study facilities, three meals a day, and access to transport to and from school, and to school activities
- Host families are carefully selected from within the school community and undergo a police check as required by Queensland law

Standard Homestay fees have been set and these are listed on the [EQI program fees page](#).

Read more about [accommodation and welfare](#).

\* Students enrolled in Primary School must live with a parent or close relative as defined by the Australian Immigration Regulations.

## School facilities

- To deliver a world-class education we have ensured our facilities are of the very highest standard. Our students enjoy the benefits of:
- University-standard science laboratories with the latest equipment
- A wireless campus with computer network access from all student work and recreation areas
- Extensive recreational and sporting facilities, including a modern gymnasium, full-size volleyball courts (internal and external) plus full-size tennis courts
- A modern Student Precinct providing quiet individual study spaces and learning areas with up to date e-resources
- A contemporary refectory with a large variety of healthy food options
- A 300-seat lecture theatre
- Classrooms with the latest IT infrastructure
- Virtual classrooms
- An observatory
- A 600-seat auditorium
- Sports ovals
- Music rooms
- Art rooms

## Extra curricular activities

- Sport and other cocurricular activities
- Camp program
- Instrumental Music

## Holiday adventure programs

EQI Holiday Adventure Programs are an exciting and safe way for International Students to travel and sightsee during school holidays.

There's an EQI adventure to suit every taste - from visiting city landmarks and riding camels on an unforgettable Australian 'outback' adventure, to exploring ancient rainforests and swimming with turtles off Queensland's pristine white sand beaches.

All EQI Holiday Adventures are fully guided and escorted by qualified Queensland Government teachers and staff to ensure student safety. These programs are open to international students enrolled in an EQI high school, and additional fees apply. To find out more visit the [holiday programs page](#)
