

Our school is located in the tropical Queensland coastal town of Sarina, which is a blend of natural country charm whilst offering a variety of local businesses. Sarina offers friendly hospitality, beautiful beaches, prime fishing and scenic landscapes all in close proximity to the town centre.

At Sarina State High School we offer a wide range of subjects that prepare students for tertiary and vocational pathways. Students can choose courses that include academic subjects such as Physics, Chemistry, Specialist Mathematics, Mathematical Methods and English. Alternatively, there are a large number of vocational subjects in the area of Fitness, Business and Tourism, Agriculture, Engineering Pathways, Early Childcare and Health Support Services. Year 11 students can study a university subject while at our school through SUN at Central Queensland University (CQU) or JCUNOW with James Cook University (JCU). With so many subject choices and programs on offer, our aim is to prepare you for any career.

Join us at Sarina State High School, where our community is welcoming and there are so many experiences you can enjoy with your host families on weekends including tropical rainforests and coastal islands.
