Welcome to Yeronga State High School. Our school is located only 5 km from Brisbane city centre and the dynamic cultural precinct of the South Bank Parklands.

Yeronga has a strong focus on structured English and mathematics programs and we have earned a reputation for excellence and success.

Our school has a harmonious and diverse student body, reflecting the real-world multicultural experience that Australia offers. We work with each individual student to ensure that they find their unique pathway to success.

Yeronga's homestay program has been running for 25 years and we have an excellent English support program, with both group classes and individual tuition.
