Year established: 1960

Number of students: 914

At Atherton State High School, we have a reputation for providing high-quality educational outcomes; demonstrated by the accomplishments and initiatives we have implemented over 50 years. We continue to introduce improvements and technologies while retaining our historical values. Our co-educational school offers a diverse curriculum to allow you to develop an individual and flexible learning pathway to success. We were one of the first regional schools in Queensland to develop an International Program and we have a long tradition of welcoming students from overseas. We establish ongoing links with our homestay families to ensure that you enjoy a safe and happy life, as well as achieving study success.

We look forward to welcoming you to our school family.
