

Caloundra State High School

Address: 88 Queen Street, Caloundra QLD

Website: caloundrashs.eq.edu.au

Phone: +61 7 5436 8444

Year established: 1963

Number of students: 1200

Caloundra State High School is located near the southern border of the Sunshine Coast, within walking distance to six beaches.

You can see the ocean from our school and access adjacent natural bushland.

We have a targeted curriculum for each of our junior, middle and senior secondary schools.

Our broad curriculum has options to suit your interests, and we provide direct pathways to employment, training or further education after Year 12.

Our extracurricular activities are extensive exposing our students to a range of experiences tailored to their individual needs.

We value diversity and, through our international student program, all of our students have opportunities to expand their knowledge about each other's cultures.
