Kenmore State School is in western Brisbane, close to The University of Queensland, Lone Pine Koala Sanctuary and public transport.

Established in 1900, we provide children with high-quality education, with our current academic results above the state average and champion sports teams.

Our goal is success for every student; through individual teaching and communication with parents.

Accelerate your child's English language learning with our dedicated programs.

Extension programs include: digital technology, junior engineers, maths, music, German (Years 5 and 6), arts and leadership.

We provide before and after school care during terms and vacation care in the holidays, offering your child many activity choices, including gardening, art and crafts, sport, games and cooking.
