Website: mitcheltonshs.eq.edu.au

Phone: +61 7 3550 1111

Year established: 1956

Number of students: 500

Welcome to Mitchelton State High School. Our vision is to inspire individual excellence by offering high quality educational experiences and strong support. Our facilities are modern and our grounds are spacious.

We are a small school that offers a wide range of opportunities including leadership roles and membership in extracurricular clubs. Diversity is respected and our values of participation, accountability and respect form the basis of school policies and activities. Being a smaller school, it is much easier to make friends and know your teachers. Our senior students consistently achieve entry into Tertiary pathways of their first choice.

We look forward to working with you in the future.
