

QUEENSLAND ACADEMIES

Innovative education for high-achievers

Queensland Academies are selective entry state schools for high-achieving students. The Academies prepare high school students in Years 10 to 12 for university study and life beyond.

Our academies offer the International Baccalaureate Diploma Program (IB), a pre-university qualification that is recognised for academic excellence worldwide.

Supportive learning structure

We help you to reach your full potential. Our teachers and staff work with students in small groups and provide individual mentoring to assist you to balance the challenge of IB study with other pursuits.

University partnerships and study pathways

Our university partnerships provide you with access to university teaching staff, resources and facilities. You can also enter university early or gain credits and exemptions for first-year university subjects, going directly into second-year university courses.

Technology-rich facilities

Enjoy the benefits of our state-of-the-art facilities that enable the specialised programs we offer at each academy.

Stimulating cocurricular activities

We provide you with a balanced education to help you to develop emotional and interpersonal skills that you will need to be successful in your life and career.

To balance the demands of academic study, our school-based Creativity, Action and Service (CAS) activities encourage self-awareness, develop leadership skills and teach you to work cooperatively with others.

At Queensland Academies Health Sciences Campus, we are located on the Gold Coast, Australia.

We offer the International Baccalaureate (IB) Diploma Programme — an internationally recognised pre-university level qualification.

We aim to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

Our graduating students can study at Australian tertiary institutes and overseas universities.

Working in partnership with Griffith University, we provide unique opportunities and enrichment for students who are interested in careers in health sciences, research, science and academia.

We focus on local and global perspectives to broaden your view of your place in the world.

Extracurricular activities

- Creativity, Activity, Service (CAS) is a fundamental part of our Diploma Programme experience. Through our CAS requirement, we take seriously the importance of life outside school, providing a refreshing counterbalance to the academic self-absorption some may feel within our demanding Academy environment. Through these activities, you will develop greater awareness of yourself, concern for others, engagement with other people of ideas and the ability to work cooperatively with other people
- Sports
- Community service

School facilities

- 500-seat lecture theatre – designed to university standard
- Research Laboratories – these large individual research laboratories are university standard. Access to individual and small group research rooms is controlled by access cards for students or small teams who are working on specific research projects
- Exercise Centre – a full multipurpose court for basketball, volleyball and badminton, as well as a gym, Kinesiology Laboratory, classrooms and student showers
