Chancellor State College is a vibrant community of over 3000 students from 50 different countries of birth and speaking 47 languages.

Only nine minutes to the beach, our modern campus is part of the Education Precinct of the University of the Sunshine Coast (USC). We share a 3000-seat sports stadium, professional athletics track, Olympic-size swimming pool, and our Performing Arts Complex is State-of-the-art. Robotics programs produce Australian and world champions and our robotics labs are best practice.

Our relationship with USC means we offer a seamless pathway from Prep to university. Camps visit K'gari (Fraser Island), Kakadu (The Outback), the Great Barrier Reef and Sydney. Students perform above the state average in all schooling domains.
